Event Schedule

The ultimate guide to watching figure skating this weekend

Welcome spectators! We are so glad you've come to support our more than 500 competitors from around the country. Months of hard work and planning are coming down to the few moments while they are on the ice. For this reason, we ask that you be respectful and courteous, silent cell phones, keep voices low, and children quiet. Example: jumps, spins, and compulsory events do not have music and you will be able to hear the blades on the ice.

Local competitions do not have announcers scoring every event. Live scores are available by scanning the QR Code and finding the event announced at the beginning of each group. Enjoy the competition.

FRIDAY	DECC	FRIDAY	AMSOIL
