

FUNDRAISING

DFSC members are required to participate annually in our Club fundraising efforts. All proceeds are used to help subsidize ice costs, social activities, etc. which benefit all club skaters.

ALL members are required to participate EXCEPT as indicated below:

1. The fundraising requirement is waived for Home Club – New Members for their first membership year (regardless of when you join). For example: if a skater joins in September, they would be exempt from the current year requirements, but for the following membership year (starting July 1st), fundraising requirements must be met.
2. Home Club – Virginia, Associate and Collegiate Members have no fundraising requirements at this time.

While there are minimum requirements for participation each year, we strongly encourage any efforts above and beyond!

What is the minimum annual fundraising requirement?

Each club member is responsible for selling 10 “fundraising units” per fundraising year (coincides with the club membership year). If a skater does not meet the requirements for 10 fundraising units during the year, the skater will be assessed a fee of \$12 per missing incomplete unit. This charge will be added to your account shortly after the last fundraising event of the year is completed. Any fees assessed **MUST** be paid in full before membership can be renewed on or before July 1, of the current member year.

Example of ‘Units’

One fundraising unit will vary depending on the fundraiser. Membership will be informed of units for each fundraiser when they begin. For example: Pizza = 1 unit. Coffee = 1 unit.

Fundraising Goals

Our goal is to raise at least \$15,000 which will go towards our yearly \$200,000 ice bill. We will always inform the membership of the fundraising units for each sale/effort when it begins.

Extras

Members who go above and beyond their unit sales will be eligible for prizes to be announced at the start of each fundraiser. Prizes may be ice coupons or gift cards or ... you just never know!
